ARIZONA JEWISH HISTORICAL SOCIETY
CUTLER PLOTKIN
Jewish Heritage Center

Your History...

The facility is available for people of all faiths and can be used for all functions including weddings, receptions, fundraisers, presentations and private meetings. All setups are customized to meet the needs of your group. Conveniently located near freeways, lodging and just minutes from Downtown Phoenix and its amenities, the center is located directly behind the Burton Barr Central Library and is just minutes away from the Light Rail line. We are definitely one of Phoenix's best kept secrets!

Our History...

This historic temple was originally designed by the noted architectural firm of Lescher, Kibbey and Mahoney and served as a sanctuary, religious school and gathering center for the local Jewish community from 1922-1949. It was later used as a church by both Chinese speaking and Spanish speaking Baptist congregations. In 2001, the Arizona Jewish Historical Society rescued this sacred building from destruction as a testament to the value of our community as its history. We have restored the temple and annex to their original condition and renamed the structure the Cutler☆Plotkin Jewish Heritage Center.
